Sir:

On April 6, 2005, a "Notice of Acceptance of Application Under 35 U.S.C. 371 and 37 CFR 1.495" (copy attached) was issued which resulted in the issuance of an official Filing Receipt (copy also attached) indicating a filing date of "08/20/2004" for this application. However, the sixth item of the Notice of Acceptance under the heading "The following items have been received," i.e., the "Oath or Declaration filed on 08/20/2004," actually had *not* yet been filed. In fact, a "Combined Declaration and Power of Attorney" with the requisite \$130.00 government fee is submitted herewith.

Further, the official Filing Receipt mailed 04/06/2005 contained errors in the listing of the inventors and the entry of the title. On April 13, 2005, our firm faxed the PTO a request for a corrected Filing Receipt and included copies of the *unsigned* "Combined Declaration and Power of Attorney" and the first sheet of the Assignment to support the proper inventor listing and included

copies of the relevant pages of the Preliminary Amendment to verify the proper title for the application. Apparently, due to timing and the fact that it was overlooked that the Declaration was unsigned, the official Filing Receipt was mailed April 6, 2005. Further, the issuance of the Filing Receipt would negate the issuance of a "Notification of Missing Requirements" and could have adversely affected the status of this application.

Accordingly, in view of the filing of the enclosed Combined Declaration and Power of Attorney (with the surcharge fee) we await a properly issued Filing Receipt.

Respectfully submitted,

By: _____

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
